Manufacturer & Exporter

Cable Protection Cover  
Warning Tape, Board And PE Sheets

⚡ Shri Ambica Plastic Industries ⚡

Shri Ambica Plastic Industries ( SAPI) manufacturers and exports a wide range of Polymeric Solutions to protect, mark and locate Under Ground Utilities like High Voltage Electricity Cables, Communication Cables, Natural Gas Pipe Lines, Water Pipes, Sewers and Drains.

SAPI In An ISO 9001:2008 Certified Company Established in 1990 with an aim to manufacture products of highest standard at competitive prices as well as Tailor made solutions as per customers requirements.

## PRODUCTS

SAPI strongly believes in protection of Underground Electric High & Medium Voltage Cables, Fibre Optic Cables and Gas Pipelines which are critical to utility providers.

SAPI Products can be printed in any Text, Language and colour with Non-Erasable Ink. It is also Laminated on top side with company contact, product and logo details.

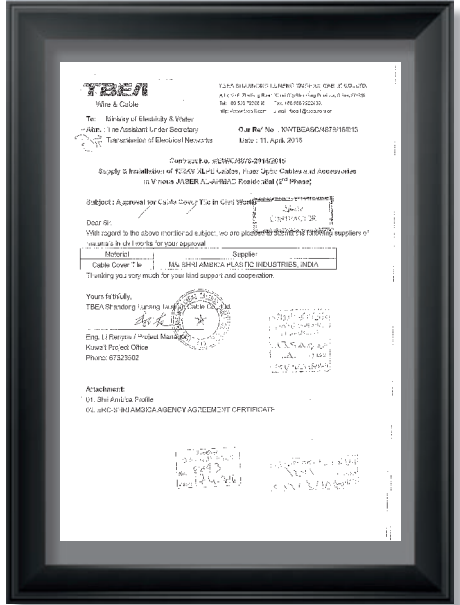

### Product Range:

- 1 ) Cable Protection Covers / Tiles.
- 2 ) Warning Tapes/ Mats.
- 3 ) Detectable warning Tapes.
- 4 ) P.E. Sheets

## APPROVALS & MARKET

- 1 ) Oman Telecom
- 2 ) Ministry Of Electricity And Water – Kuwait
- 3 ) D C R P Oman
- 4 ) Qatar – Kahramaa

## EXPORTS MARKET

- 1) OMAN
- 2) QATAR
- 3) KUWAIT
- 4) UAE
- 5) GHANA
- 6) SUDAN
- 7) SOUTH AFRICA
- 8) AUSTRALIA

## UNDERGROUND WARNING TAPE / MAT

SAIMAT Warning Tapes/ Mats are supplied in the roll form which makes it easy to handle and install. It also provides a measure of protection from Tools and Machinery. In addition it gives a clear visual warning to the excavator. It is manufactured from high impact Virgin / Medium Impact Recycle Polyethylene.

**Features:**

- Manufactured from Virgin & Semi Virgin Recycled Polyethylene
- Flexible and comes in roll form
- Easy to Install in trenches
- Can be printed in different colours and text
- Comes in different width, length and thickness
- Water and Rodent Proof

**Size :**

- Thickness : 0.5 to 2 mm  
Width : 50 to 500 mm  
Length : 1 to 500 meters

## CABLE PROTECTION TILES / COVERS

SAIMAT Cable Protection Tiles are manufactured from High Impact Resistant Virgin / Recycled Polyethylene. SAIMAT - Tiles provides high visible warning and good impact protection from Excavation Tools and Machinery.

Its main utility is to protect buried High Voltage Cables, Fibre Optic Cables, Gas Pipelines, Sewers and Water Pipe Lines. Cable Protection Cover are fully jointed and laid overlapped to each other and held firmly with High Impact Resistant Plastic Pegs. SAIMAT Cable Protection Tiles/ Covers are an ideal replacement for Concrete Cement Tiles / Covers.

**Features:**

- High Tensile Strength
- High Impact Resistance
- Can be Printed in different colours & Text
- Water & Rodent Proof
- Made from recycled Polyethylene
- Light Weight and Easy to Install

**Specification : Standard sizes available**

- 1000mm (L) x 300mm (W) x 3mm to 12mm (T)
- 1000mm (L) x 244mm (W) x 3mm to 12mm (T)
- 1000mm (L) x 150mm (W) x 3mm to 12mm (T)
- 1040mm (L) x 200mm (W) x 6mm to 12mm (T)

Note : Cable Covers can also be manufactured in various thickness from 5mm to 12mm, width upto 150 to 1500 mm. Cable covers are offered with red background laminated with yellow top tape which contain the warning legend in black letters.

# WARNING BOARD

TEXT	SIZE
	200mm x 2mm x 100 mtrs

- Specification :**
- Premium & economy grades available.
  - Material - high quality LDPE, HDPE, HM-HDPE.
  - High tensile strength.
  - High impact resistance.
  - Various thicknesses of material available.
  - Non-deletable, scratch proof and UV resistance printing available.
  - Special material available any colour, size or language.

# WARNING MAT / TAPE

We manufacture SAIMAT brand warning tape that are generally used for warning and cautioning public on specific area to enter, cross or bypass. It is also used to warn during digging of buried surface for electricity cables, gas pipe lines, water lines and sewers.

It is made of polythene and available in different thickness which makes it strong and durable. It is also available in Rot resistance form.

- Specification**
- Width : Standard width of Electrical Warning Tape is 150 mm and also available as per client requirement.
- Thickness : 125 micron to 1 mm
- Material : LLDPE (Linear low density polyethylene)
- Marking : Custom marking will be available as per client requirement.
- Length : 500 meter/roll and depend on the client requirement.
- Packing : 2 roll/bag

TEXT	SIZE
	150mm x 0.1mm x 365 mtrs
	150mm x 0.1mm x 365 mtrs
	150mm x 0.1mm x 365 mtrs
	150mm x 0.1mm x 365 mtrs
	50mm x 0.5mm x 200 mtrs
